| 5. | System or systems of assessment and verification of constancy of performande of the construction product as set out in Annex V:                          | System 4                                                                                                                                              |
| 6  | In case of the declaration of performance                                                                                                                | Ento Cortificazione Magabine                                                                                                                          |
| ь. | In case of the declaration of performance concerning a construction product covered                                                                      | Ente Certificazione Macchine, notified body No. NB1282.                                                                                               |
|    | by a harmonised standard:                                                                                                                                | Harmonised standard: EN 13164:2012                                                                                                                    |

## 7. Declared performances

| Essential characteristics                      | Performance                      | Harmonised technical specification |
|------------------------------------------------|----------------------------------|------------------------------------|
| Watertightness                                 | Watertight                       | EN 1928                            |
| Water absorption under long-term immersion     | 1,1 vol. %<br>WL(T)3             | EN 12078 : 2013                    |
| Watertightness at penetrations                 | Passed                           | ETAG 022 Annex E                   |
| Joint-bridging ability                         | Passed                           | ETAG 022 Annex E                   |
| Water vapour resistance of 20mm board, Sd      | 1,2 m                            | EN 12086                           |
| Resistance to water vapour diffusion ( $\mu$ ) | 100                              | EN 12086                           |
| Density                                        | 36,9 kg/m³                       | EN 13164                           |
| Compressive stress                             | ≥ 300 kPa<br>Level CS (10/Y) 300 | EN 826 : 2013                      |
| Tensile strenght perpendicular to faces        | ≥ 400 kPa<br>Level TR400         | EN 1607 : 2013                     |
| Thermal conductivity ( $\lambda$ )             | 0,036 W/(mK)                     | EN 13164                           |
| Bending moment capacity:                       |                                  | NS-EN 12089                        |
| 12mm board<br>20mm board                       | 181 Nmm/mm<br>340 Nmm/mm         |                                    |
| The bending stiffness:                         |                                  | NS-EN 12089                        |
| 12mm board                                     | 134 kNmm²/mm                     |                                    |
| 20mm board                                     | 399 kNmm²/mm                     |                                    |
| Sound reduction index ( Rw )                   | 21 dB                            | ISO 717                            |
| Capillarity                                    | 0                                |                                    |
| Temperature limits                             | -50°C / +75°C                    |                                    |
| Fire behaviour classification                  | Class E                          | EN 13501-1                         |

The performance of the product identified above is in conformity with the declared performance in point 7. This declaration of performance is issued, in accordiance with annex III of the Regulation (EU) No. 305/2011, under the sole responsibility of the manufacturer identified in point 4.

Signed for and behalf of the manufacturer by: Tanel Türna, CEO of Tycroc OÜ
